SERIAL No. 15

Mysore Archaeological Office,
Bangalore, 13th April 1912

From

R. Narasimhachar, Esquire, M. A.,

Officer in charge of Archaeological Researches
in Mysore,

To

G. S. Balasundaram Iyer, Esquire, B. A.,

Offg. Secretary to the Govt. of His Highness
the Maharaja of Mysore,

General and Revenue Departments.

Sir,

I have the honour to state that of the five peons attached to my office one has served 19 years, one 13 years and two 12 years each, the remaining peon having recently joined the office in place of an old peon who left the service. The first peon, who is the lascar, was promoted to Rs 8/- about 14 years ago and the other three are drawing only Rs 7/-, the pay with which they began 12 or 13 years ago. All these four men have to do duties of an arduous nature while on tour and are specially trained for the delicate work of preparing estampages of inscriptions. During my predecessor's time, none of the peons trained for doing this special work was getting less than Rs 9/-. The same is the case in the Archaeological offices of British India. Owing to want of any encouragement even after years of hard work of a technical nature, these specially qualified men are leaving the office one after the other. One of them, as stated above, left the service and has now become a pyot. Another is thinking of becoming a petty trader. It is a pity to lose the services of specially trained men for want of a

little encouragement. The new men that may be appointed will have to be trained for a number of years and work of the Department cannot but suffer in the interval.

2. The peons had been getting their clothing every year for a long time past, but were deprived of this concession some years ago. They naturally feel this as a great hardship in view of the small pay they are getting. Further, in their Order No. G 675-6/G.M 45-10-23 dated 29th July 1911, Government have sanctioned the temporary entertainment of two men on Rs 8/- each for work at Head Quarters during touring periods. In sanctioning Rs 8/- for the temporary men, Government have no doubt taken into consideration the difficulty of getting men on less pay for very short periods. But the permanent peons feel that, with all their special training and hard work while on tour, they are worse off than the temporary men at Head Quarters.

3. In these circumstances I cannot but think that they richly deserve some encouragement. I therefore request that Government may be pleased, in the interests of the Department, to raise the pay of the first peon to Rs 9/- and that of the other three peons to Rs 8 each. It is impossible to carry on the duties of the Department satisfactorily without the willing service of specially trained peons.

I have the honour to be,

Sir,

your most obedient servant,

L. Narasimhaiah

Officer in charge of Archl. Researches
in Mysore.
